In speaking of the proper location for the proposed state tuberculosis sanatorium a prominent Montpelier man today said that in his opinion Danville is the proper place. That town has an elevation, so he said, of some 2,000 feet, it is small hence the isolation of the patients is easily practicable. But the chief reason urged was that in several instances of which this local man knows, cures of tuberculosis have been effected by residence in Danville.—Montpelier Journal.

ACTOR PLYMPTON'S FIGHT.

It Was Told in an All-Day Hearing at Plymouth, Mass.

Plymouth, Mass., Nov. 1.—After an all-day hearing before Judge Osborne in district court yesterday, Eben Plympton, the actor who is charged with the attempted murder of his friend and companion, Capt. George Martin, was held until next Monday, when the judge will announce his decision in the case. Judge Osborne said yesterday that he thought the matter was out of his jurisdiction, but he announced that on Monday next he would reduce the amount of Plympton's bail from \$5,000 to \$1,000. Captain Martin, the victim of the assault, told the court that he had not a clear recollection of what happened on the night of September 14. "We had a few words and a few blows," said Martin, "and I got most of the blows. I do not remember what the words were. Plympton and I have been close friends for years, and I do not believe that he meant to harm me." Captain Martin's testimony closed the government's case, and Plympton took the stand in his own defense. The actor said that he and Martin had been drinking on the day the assault took place. They drove over to Kingston village.

Sunday School Association Meeting at Bethel Yesterday.

Bethel, Nov. 1.—The twentieth convention of the White River district Sunday school association was held at the Pittsfield M. E. church yesterday with President Rev. J. Wesley Miller presiding. A proposition was made to divide Windsor county into two or three sections, and because of geographical reasons, admit Pittsfield, Hancock, and Gayville from their respective counties. "Self-training Within the Reach of Every Teacher," by Mrs. E. S. Teague, of Bethel; "What a Teacher Can Do for His Class During the Week," by Miss Harriette Taggart, Gayville; "Value of S. S. Work," by Miss Fannie Eastman, Royalton, were topics and composers of papers. Rev. George Gilmore of Rutland delivered a stirring address on "The Bible in the Light of Christian Principle." It was a liberal view of theology and well stated. Field Secretary Edward M. Fuller delivered an enthusiastic address on the general work in the state.

The local secretary reported increases in membership of 233; home department of 119; average attendance 146; missionary of \$30.26; home expenses \$42.48, and a decrease of joining the church from the schools. The meeting was largely attended.

INVADDED NEW ENGLAND.

The Pennsylvania Road Seeks to Absorb the Delaware & Hudson.

Seranton, Pa., Nov. 1.—The Seranton Tribune today printed a story to the effect that recent heavy purchases of coal lands in Schuylkill county were made by the Schuylkill Coal and Iron company for the Pennsylvania and the Delaware and Hudson Railroad companies, which according to the Tribune story, are negotiating an amalgamation. The paper continues to say:

The explanation is made that the organization of the Schuylkill Coal and Iron company and the acquisition of the new coal lands is but the preliminary step to the amalgamation of the Pennsylvania company and the Delaware and Hudson company of the absorption of the latter by the former. It is well known that for many years the Pennsylvania railroad has been hampered by the large freight business between Pittsburgh and the other western points and the New England States and Boston in particular.
